

- POSITION:** Instructor in Business Systems, Analysis, and Technology (non-tenure track position)
- QUALIFICATIONS:** Master's degree in MIS or related discipline, or MBA with an undergraduate degree in MIS or related discipline.
- RESPONSIBILITIES:** The ideal candidate would exhibit both the ability and desire to teach primarily Management Information Systems courses, such as: Introduction to MIS; Systems Analysis & Design; Database Management Systems; Internet , WWW, and E-Commerce; and Networking. The successful candidate must participate in service activities such as committee memberships, and should engage in ongoing involvement with the business community through activities such as consulting, company training, community training in technical topics, and professional organizations.
- ADMINISTRATIVE:** The University of Louisiana at Lafayette is one of eight publicly supported universities governed by the University of Louisiana System. It consists of nine degree granting units: The Colleges of the Arts, B. I. Moody III College of Business Administration, Education, Engineering, General Studies, Liberal Arts, Nursing and Allied and Health Professions, Ray P. Authement College of Sciences, and the Graduate School. The University has an enrollment of approximately 16, 300 students (this includes roughly 1,400 graduate students) with a full-time faculty of approximately 590. The University offers undergraduate degrees in 78 disciplines, the master's degree in 28 disciplines, one post-masters certificate, Doctor of Philosophy degrees in eight disciplines, and a joint Doctor of Education degree in educational leadership by UL Lafayette and Southeastern Louisiana University.
- The B. I. Moody III College of Business Administration consists of five departments: Accounting, Business Systems Analysis and Technology, Economics and Finance, Management, and Marketing and Hospitality. The College has an enrollment of approximately 2,800 students with a full-time faculty of roughly 50. In addition, there is an MBA enrollment of approximately 175 students. The College is accredited by AACSB International.
- The Department of Business Systems Analysis and Technology has a faculty of 12 with more than 300 majors in a Management Information Systems (MIS) degree program focused on systems analysis and the design of technology solutions to business problems.
- SALARY:** Competitive, depending upon qualifications and experience.
- STARTING DATE:** Fall 2009
- APPLICATIONS:** The position will remain open until filled. Candidates should send a letter of application, current resume, graduate transcripts, evidence of effective teaching, and three letters of reference to:
