# STAFF VACANCY

---

Position: Research Associate  
EEO No. UL RD 42-07

Affiliated Dept: The Cecil J. Picard Center for Child Development is a multi-disciplinary group of evaluation and research professionals that focus on early childhood, K-12 education, and life-long learning. The Center provides high-quality, rigorous evaluation of programs that are implemented to address learning from birth through adulthood. Applied research is continually conducted in all areas of child education, health, and well-being to ensure a prosperous and healthy future for all of Louisiana's children.

Duties: Under the direction of the Project Director, assist in planning, implementation and analysis of evaluative research for contracted evaluations; assist preparation and presentation of reports; support relevant interrelated projects with clinical technical assistance.

Qualifications: Master's degree in science in applied psychology and have research experience in mental health.

Funding: Initial funding from the Gambling Contract with the Louisiana Department of Health and Hospitals and continued research will be future contracts in mental health. This position is to continue as long as funding is available.

Salary: Commensurate with experience and qualifications.

Applications: This position will remain open until an applicable candidate has been selected and applications should be directed to:
